The most important partners in the field of employment are private companies. However, refugee work and the business community are often two very separate spheres. Together with Prof. Monika Gonser who focuses on intersectoral governance, integration & social inequality and researched on the access of refugees to the labor market, Juliana Wahlgren who is a Senior Advocacy Officer of the European Network Against Racism (ENAR) with a focus on Migration and Magda Boulabiza who is an Advocacy officer at ENAR with a Focus on Employment, Diversity & Inclusion we want to discuss how the cooperation between private companies and integration work can be strengthened.
